

# Electrical Insulators

Pultex fiberglass pultrusions are ideal for use in the electrical field. They are non-conductive and non-corrosive and can also be used structurally. Ultra can also machine the fiberglass pultrusions to fit into your specific manufacturing or MRO need. In addition, Ultra provides wireways and trays to fit your design needs.

Ultra Fiberglass Systems is a premier, full service fabricator of fiberglass platforms, ladders, handrail, grating and open stock fiberglass structurals. Call Ultra today for further information and design assistance.
