

Salt Wash Bay

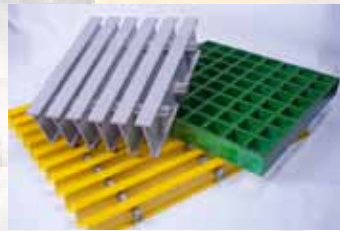

Advantages of Fiberglass -- Safety and Efficiency

Ultra will custom design and fabricate Salt Wash Bay Platforms to meet your specifications, freestanding or wall-mounted. Higher access allows workers to spray down equipment safely. Fiberglass is the perfect alternative for applications with constant water and salt conditions, and FRP does not freeze.

Fiberglass Wash Bay components are Safety Yellow and include FRP M-shaped toe plate. Platform or Catwalk systems are shipped in assembled sections up to 20' long, designed for quick installation in existing or new buildings without the use of heavy equipment or welding.

- Corrosion Resistant - No Rust
- Non-Conductive - Both Heat & Electric
- Maintenance Free
- Long Life - Excellent ROI
- Exceeds OSHA and IBC Standards
- Light Weight
- Non-Slip Grit Grating and Stair Treads
- Safety Yellow Color
- Easy Installation, No Cranes or Welding
- High Strength
